Gainesville Daily Sun.

VOL. XXVI, NO. 122 GAINESVILLE, FLORIDA, TUESDAY, JUNE 29, 1909 TEN CENTS A WEEK

PROHI. AMENDMENT IS SAID TO BE NO EFFECT

Cannot Possibly Be State-Wide Prohibition Before 1913 Even If Amendment Is Adopted.

(Col. G. B. Wells in Tampa Tribune.)

PLANT CITY, June 22.—Editor Tampa Morning Tribune: I desire to submit through the columns of your paper for the consideration of the public some observations on the joint resolution proposing an amendment to article XIX of the constitution of the State of Florida, relating to the manufacture and sale or other disposal of intoxicating liquors or beverages proposed by the recent Legislature, commonly known as the prohibition amendment, and to show such irregularities in such amendment as will render it inoperative.

The said joint resolution, from a copy furnished me by the Secretary of State, is as follows:

"Senate joint resolution proposing an amendment to article XIX of the constitution of the State of Florida, relating to the manufacture and sale or other disposal of intoxicating liquors or beverages.

"Be it Resolved by the Legislature of the State of Florida:

"That article XIX of the constitution of the State of Florida be and the same is hereby amended so as to read as follows:

"Article XIX. Section 1. The manufacture and sale, barter or exchange of all intoxicating liquors and beverages, whether spiritous, vinous or malt, are hereby prohibited in the State of Florida, except alcoholic, for medical, scientific or mechanical purposes and wine for sacramental purposes; the sale of which alcohol and wine for the purposes aforesaid shall be regulated by law.

"Section 2. The Legislature shall enact suitable laws for the enforcement of the provisions of this article.

"Section 3. This article shall go into effect on the first day of July, A. D. 1911.

"Passed by the Senate April 22, 1909.

"F. M. Hudson, President of the Senate.

"C. A. Finley, Secretary of the Senate.

"Passed by the House of Representatives April 23, 1909.

"I. L. Farris, Speaker of the House of Representatives.

"J. G. Kellum, Chief Clerk of the House of Representatives."

The constitution of the State of Florida, which was adopted by the electors of said State at the general election held in November, 1886, and which by an ordinance of said constitution became effective on January 1, 1887, is the organic law of the State of Florida and is the direct expression of the electors of said State, as to limitations to be placed upon legislative authority and the powers and duties of the executive and judicial branches of the State government.

The framers of the constitution, realizing that the demands of the future would necessitate changes in the organic law, provided in said instrument for amendments to be made, and the manner and form in which said amendments are to be made a part of the organic law.

The courts of the State are called upon to interpret phrases and portions of the constitution, as well as the statutes of the State. It is uniformly held by the courts of all American States that interpretations of the constitution should be strict and in accordance with the expressed intent of the provisions of the constitution being interpreted, and that the words thereof are to be given their usual and ordinary meaning.

In the first place the said proposed amendment is not an amendment of article XIX of the constitution in that article XIX of the constitution provides for the sale of intoxicating liquors and beverages and prescribes their manner and sale. Whereas, the proposed amendment to article XIX seeks to prohibit the manufacture and sale of such intoxicating liquors and beverages, being thereby an entirely different subject and foreign to the subject matter as expressed in article XIX of the constitution. It could just as well have been an amendment of any other article of the constitution, as that of article XIX.

Section 1 of article XVII of the constitution of the State of Florida provides the manner of proposing amendments and how the same may become parts of the constitution.

Section 1 of said article provides as follows: "Either branch of the Legislature, in regular session thereof, may propose amendments to this constitution, and if the same be agreed to by three-fifths of all the members elected to each house, such proposed amendment shall be entered upon their respective journals with the yeas and nays, and published in one newspaper of each county where a newspaper is published for three months immediately preceding the next general election of representatives, at which election the same shall be submitted to the electors of the State for approval or rejection. If a majority of the electors voting upon such an amendment at such election shall adopt the amendment, the same shall become a part of the constitution.

In an advisory opinion to the Governor, 34th Florida report, page 500, the supreme court of Florida holds that amendments to the constitution become operative and of full force and effect and part of the constitution eo instanti, upon its approval and adoption by a majority vote of the electors of the State. This same rule is in effect in other American States. "Provisions of the constitution regulating its own amendment otherwise than by convention are generally to be considered mandatory rather than permissive or directory and a strict observance of every substantial requirement is essential to the validity of the proposed amendment. These provisions are as binding on the people as on the Legislature and the former are powerless by their vote of acceptance to give legal sanction to an amendment, the submission of which was made in disregard of limitations contained in the constitution. (See American and English Encyclopedia of Law, Second edition, Volume 6, Page 904), and cases therein cited, so it is clear according to the rule of construction of constitutional provisions, that amendments must be submitted and adopted strictly in accordance with the provisions of the construction itself.

In the words heretofore quoted from section 1, article XVII of the constitution of the State of Florida, says, "If a majority of electors voting upon an amendment at such election shall adopt amendment, the same shall become a part of the constitution."

Now the word "shall" is used in this connection and in order to arrive at the intent and meaning of this provision, it is proper to notice the meaning of that word.

In American and English Encyclopedia of Law, second edition, volume 25, page 622, the word is construed as follows: The presumption is that the word "shall" is used in an imperative and not in a directory sense and in its meaning given in dictionaries, the word "shall" is used primarily in the present tense, so that the provisions of the constitution respecting amendments show clearly that the intention was that amendments should take effect immediately upon their approval by the electors as provided therein, and that the Legislature in proposing amendments, or the electors, in adopting amendments, could not extend or enlarge this meaning.

Section 3 of the proposed amendment under discussion provides as follows:

Sec. 3. This article shall go into effect on the first day of July, A. D. 1911.

Now I submit that this proposed amendment is in direct conflict with the constitution respecting amendments, and therefore, as such, is void, as the Legislature proposing and the electors adopting amendments are not authorized to set the time ahead, other than provided by the constitution when amendments shall become effective. Now then, this being the case, the question would be what effect would this have upon the amendment, should the electors at the general election of 1910 adopt the amendment? It is certainly clear that section 3 of said amendment is in pari materi of the other portions of the amendment. It is made part and parcel of the amendment and if one part of the amendment is submitted unconstitutionally, it would render the entire amendment inoperative and void.

Now upon the other hand, should it be held that the proposed amendment is constitutionally submitted and that the electors at the general election in 1910 shall by a majority vote adopt the same, and that the amendment shall become part of the constitution legally on the first day of July, 1911, then there will occur this irregularity. Then said amendment does not provide any penalty for a violation of the provisions of said amendment, but section 2 thereof provides that the Legislature shall enact suitable laws for the enforcement of the provisions of this article, thereby rendering the said amendment inoperative until the Legislature shall have prescribed laws for the enforcement of its provisions.

The amendment, according to its own terms, will not become a part of the constitution until July 1, 1911, therefore the Legislature which convenes in the biennial session in 1911 will have adjourned prior to the time the amendment becomes operative, and therefore the Legislature of 1911 in its regular session will have no power to enact laws for the enforcement of this article, for when a legislative body acts under a special granted power, it certainly cannot act until such time when such grant of power becomes operative.

Under the provisions of the constitution of the State of Florida it is provided that acts of Legislature shall become operative sixty days after the final adjournment of said body, unless they shall name a different time, under which provision the Legislature can provide that its acts shall take effect immediately upon their passage and approval; it could not be held that the Legislature could enact suitable laws to enforce the provisions of this article to become effective sixty days after its final adjournment and thereby be within the time when this amendment shall become effective, for the Legislature must have power at the time it acts, and cannot anticipate a future event, and it cannot act in this instance until it becomes a part of the constitution, which will not be the case until after the final adjournment of the Legislature of 1911.

The result of this State of affairs should the amendment be adopted, is that after the first day of July, 1911, the constitution will prohibit the manufacture and sale, barter or exchange of intoxicating liquors or beverages, but there will be no penalty for a violation of this provision, consequently no prosecution could be made for a violation thereof. The amendment, however, would have superseded the original article XIX, so that there will be no law to control the liquor traffic and every person who desired to engage in it could do so without the payment of any license tax or without prosecution until the convening of the Legislature in 1913, or when the Legislature shall have prescribed suitable laws to enforce this article. And there will necessarily be an hiatus in the laws governing the liquor traffic from July 1, 1911, until the convening of the Legislature in 1913, a period of twenty-one months.

I respectfully submit the foregoing views upon this matter, for the consideration of the electors of the State, believing that they should be fully advised of the legal effect of such amendment, should it be adopted.

IMPORTANT MEETING OF BOARD OF CONTROL

Col. P. K. Yonge Succeeds N. P. Bryan as Chairman of This Important Body.

The Jacksonville Metropolis of Monday says:

"A meeting of the new Board of Control of State Educational Institutions was held this morning at the office of N. P. Bryan, in the Dyal-Upchurch building. The first business was the election of P. K. Yonge of Pensacola as chairman of the board, to succeed N. P. Bryan, whose time had expired.

"A proposition was considered for erecting an addition to the University of Florida, at Gainesville, to be known as Science Hall and Experiment Station. It was estimated that this addition would cost $80,000, and the plans of the new structure will be drawn on a scale which will conform with the beauty and lines of the other buildings. The contracts for these improvements will be let at the first meeting in August.

The Law Department.

"The law department of the University will be opened on the first Wednesday in September. This branch of the University will be in charge of A. J. Farrah, former dean of the law department of Stetson University, and Prof. H. R. Trusler, who was also connected with the law school of Stetson.

"The course in legal studies will cover two years and the graduates will have all the privileges enjoyed by other law schools of Florida. A handsome library will be purchased for the use of students, and it is the purpose of the Board of Control to make the legal college the equal of any in the Southern States.

Lectures by Lawyers.

"To those who are interested in law practice the establishment of this department at the University at Gainesville will be interesting and the course of the young men entering for a knowledge of law will be watched closely. It has been decided to have a course of lectures by various prominent lawyers of Florida, announcement of which will be made later on.

"Those who attended this morning's meeting were P. K. Yonge of Pensacola, E. L. Wartmann of Citra, T. B. King of Arcadia, W. D. Finlayson of Old Town and F. P. Fleming of Jacksonville. They were very enthusiastic over the prospects of the University, and especially with the proposition to establish a law department.

"The work of enrolling students for the University will be taken up at once, and the members of the Board of Control are satisfied that the opening of the term will see a large number of students on the list."

Sudden Death Sunday.

Mrs. J. A. Williams of Cedar Key died very suddenly at the hospital on Sunday after an illness of only a short while. It will be remembered that she was brought here from Cedar Key and placed in the institution, but owing to her unfortunate condition she succumbed to death before medical aid could assist her. The remains were taken to her home at Cedar Key for interment. She was the wife of Senator J. A. Williams.

The habit of answering ads. that appeal to you is one that will keep you interested in the life you are living, and prosperous.

The Summer Normal Had Very Fine Opening Monday

The Gainesville section of the State Summer Normal opened Monday morning with a full attendance. Dr. Murphree is detained in Jacksonville on important business, and Maj. Floyd is in charge. The devotional exercises were conducted by Rev. F. R. Bridges, pastor of the First Methodist church.

The enrollment revealed a higher age average and a higher degree of scholarship than in any previous year. This speaks well for the educational uplift the Summer Normals have given to the educators of the State. The large number taking State certificate work is most gratifying.

Alachua county is represented in the student body by the following: Miss Leila Roper, Dania; Miss Mary Berkstresser, Hawthorn; Miss Willie Jones, Rochelle; Miss Lula Ormond, Hawthorn; Prof. M. M. Bryant, Waldo; O. C. Bryant, Waldo; Miss Kamon Fouraker, Miss Emily Davis, Miss Lillian B. Ralph, Miss Willie Robertson, Miss Leona Robertson, Gainesville, one less than a dozen. Are the Alachua county teachers so proficient that they do not need the Normal? Of course others will come in.

The faculty selected by State Superintendent Holloway is strong and enthusiastic. Each member brings ripe scholarship and ripe experience.

The students of the South Florida Normal Institute are very much in evidence. Messrs. Salter Blanton and W. B. Taylor and Miss Maomi Hill are taking State work; Miss Venitia Poppell, State primary work, and Messrs. Wendell Gilbert, Bant Bowden, Leon Clements and Misses Jennie Dilday, Carrie Jenney, Fannie O'Berry and Holly Snow are taking grade work. Prof. Corr informs us that others will enter the last of the week.

Studying the enrollment by towns, Dade City comes first, Gainesville second, and Miami third.

OCALA WINS CONTEST IN GAME OF ERRORS

POOR EXHIBITION OF BALL ON LOCAL DIAMOND MONDAY.

Happy and Jolly Crowd of "Rooters" From Brick City Accompanied the Team Here.

(By Jack Shea.)

The fast Ocala team won over the Oak Halls yesterday in a loosely played game on the local diamond. From start to finish the contest was marked with numerous and costly errors, the majority of which were credited to the home boys.

Watson pitched a splendid game, having a shade the better of Brown, the visitors' twirler. "Pop" pitched a steady game, but ragged fielding back of him was what lost it. The Brick City boys took advantage of every misplay and piled up enough runs to carry away the bacon.

The work of Taylor and Hendricks for the locals were features of the game, while Waller, behind the bat, and Donaldson, on second, starred for the visitors.

The Ocala boys are a fast and clean set of players, always in the game to the finish.

Following is the game by innings:

FIRST INNING—Miller hit to first and was out; Graham skied out to second; Bullock walked; Watson fanned. No runs.

Dodge struck out; Jewett popped out to Bullock; Waller fouled out to third. No runs.

SECOND INNING—Hendricks fouled out to catcher, who made a great catch, taking it out of the tree; Denton out, pitcher to first; Spottswood singled to left and stole second, but was tagged trying to annex third. No runs.

Donaldson whiffed; Bennett hit by pitched ball and took his base; Harris walked; Galloway hit to second, forcing Harris; McIver hit a high one to short, who dropped it, Bennett and Galloway scoring. Hartsfield, catching, injured his hand in attempting to catch runner and retired from game. Miller came in from right field and went behind the bat, Lawson going to right. Brown hit to short, out at first. Two runs.

THIRD INNING—Lawson grounded to third, out at first; Taylor drove a hot line drive to secopd, who handled it nicely; Miller fanned. No runs.

Dodge flew out to Denton; Jewett hit to short and beat it out; Waller hit to short and Jewett was forced out at second; Donaldson placed a scratch hit in right for one base; Bennett flew out to short. No runs.

FOURTH INNING—Graham doubled to left; Bullock hit to second and on error was safe, Graham scoring, Bullock taking second on the throw home to catch Sandy; Watson struck out; Bullock took third on a passed ball; Hendricks got his base and stole second; Denton flew out to center; Bullock and Hendricks scored on bad throw to third; Spottswood walked; Lawson grounded out to second. Three runs.

Harris popped out to short; Galloway whiffed; McIver out, short to first. No runs.

FIFTH INNING—Taylor called out for being hit by bunted ball; Miller was hit by pitched ball and took first; Graham walked, both runners advancing on passed ball; Bullock fouled out to first; Watson skied out to second, leaving Miller and Graham on bases. No runs.

Brown singled to center, Harris running for him; Dodge hit to pitcher, who threw high to first, Dodge going to second, and Harris scoring; Jewett hit grounder to Taylor, who failed to handle it, Jewett safe; Waller flew out to center, scoring Dodge; Donaldson singled to right and Jewett crossed the plate; Bennett out, pitcher to first. 3 runs.

SIXTH INNING—Hendricks fanned; Denton flew out to short; Spottswood whiffed. No runs.

Galloway hit to short, safe on first; McIver struck out; Brown out, pitcher to first, Galloway taking second; Dodge doubled to right, scoring Galloway; Jewett hit to short and reached first on bad throw to Bullock, Dodge scoring; Jewett out trying to pilfer second. 2 runs.

SEVENTH INNING—Lawson out, second to first; Taylor grounded out to first; Miller skied out to third. No runs.

Waller out, short to first; Donaldson flew out to second; Bennett out on swings. No runs.

EIGHTH INNING—Graham whiffed; Bullock flew out to second; Watson walked and stole second; Hendricks singled to left, scoring Watson and going to second on throw to the plate; Denton hit by pitched ball and took his base; Spottswood flew out to second. 1 run.

Harris struck out; Galloway fouled out to catcher; McIver skied out to third. No runs.

NINTH INNING—Lawson struck out; Taylor out, second to first; Miller flew out to center.

FANITORIALS.

Potatoes tomorrow.

Little more ginger, boys.

One defeat out of four games is not bad.

Sandy's double in the fourth was a nice one.

The visitors were certainly fast on the bases.

Hendrick's cleaned up around third very nicely yesterday.

Spottswood's peg to the plate from center was a nice throw.

Waller's catch of a foul through the branches was a beaut.

Miller says "cheer up, the mines are not closed—keep a diggin'."

To Ocala on July 15th probably, and then just watch our smoke.

Spottswood will probably do the "cooking" tomorrow. Keep 'em biled down, Jack.

Hartsfield's injury was regretted. He encourages the pitcher and keeps jinger in the team.

Taylor looks like a natural-born player. His work with the willow will come in handy later on.

Did you notice the large number of ladies up from Ocala? They were loyal and enthusiastic all through the game.

"I suffered habitually from constipation. Doan's Regulets relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Tex.

A little want ad. will accomplish big results.

NEWS OF CITY AND COUNTY CONDENSED

Rev. P. W. Cure of the South Florida Normal, who is one of the teachers in the Summer Training School, has arrived and assumed his duties yesterday.

W. W. Cylatt and F. J. Huber, prominent citizens of the Brick City, were baseball fans that visited Gainesville yesterday to cheer the Ocala boys on to victory.

We do not know of any other pill that is as good as DeWitt's Little Early Risers, the famous little liver pills—small, gentle, pleasant and sure pills with a reputation. Sold by all druggists.

L. L. Hill returned yesterday from a short business visit to Alachua, where he has been superintending the loading of melons. He has succeeded in getting quite a number of cars from that point recently.

W. D. Carn, formerly superintendent of schools of Marion county, but who is now a member of the lower house of the State Legislature, was a visitor to the city yesterday. He departed in the afternoon for Jacksonville on a brief business visit.

L. N. Pearce, a former merchant of Alachua, but who is now engaged in the hardware business at Newberry, was a visitor here yesterday. He says his section has been blessed with plenty of fine showers during the past few weeks that greatly added to the comfort of all.

Louis J. Brumby, the able editor of The Florida Fruit and Truck Grower, Ocala, came to Gainesville yesterday to witness the Brick City baseball team "lay it on" to the Oak Halls. We are pleased to note that Louis is rapidly regaining his former health. He looks better than he has for years.

Sometimes you may be told that there are other things just as good as DeWitt's Kidney and Bladder Pills. That's not so. Nothing made is as good as DeWitt's Kidney and Bladder Pills for any ailments of the kidney and bladder, which always result in weak back, backache, rheumatic pains, rheumatism and urinary disorders. A trial of DeWitt's Kidney and Bladder Pills is sufficient to convince you how good they are. Send your name to E. C. DeWitt & Co., Chicago, for a free trial box. They are sold here by all druggists.

NELSON GETS APPOINTMENT.

Succeeds Col. Fred Cubberly Who Is Now District Attorney.

H. G. Nelson, a partner of the firm of Nelson & Manners of Williston, has been appointed to succeed Col. Fred Cubberly as collector of customs for the ports of Cedar Key and Port Inglis.

Col. H. S. Chubb, who has been in Washington for the past few days, states that other Florida appointments that are recommended by the committee are receiving favorable consideration, and that they all have just cause to feel good over the results obtained. He was glad, however, to again return to his home, and states that it is fully ten degrees cooler here than in Washington.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acrid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the cutaneous nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acrids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

MICANOPY PLEASED OVER NEW SCHEDULE

SCENE AT DEPOT REPRESENTED GRAND EXCURSION EVENT.

Large Number Take Advantage to Initiate the New Service and Visit Gainesville.

The new schedule effective on the A. C. L. railway Monday proved a very pleasant surprise to the citizens of Micanopy, who were out en masse to witness the first trip from that place. Around the depot it was a very noticeable fact that about all of the prominent citizens of the city were there and a large number of others to actually see a first-class passenger train running into that point.

Aside from the fact that a large crowd was present to witness the arrival and departure of the train, the committee who were successful and had started the work for the securing of this service were on hand, and were so well pleased with the manner in which it was received that they will take some immediate steps to have the regular passenger trains, Nos. 39 and 40, run via that point at an early date.

The new train from Wilcox, which has heretofore run from Citra to this city, was well patronized upon its initial trip, and a number of people from Western Alachua availed themselves of the opportunity to visit here and spend the day.

Under this new system Gainesville should enjoy a much larger trade from the outside sections of the county, and The Sun believes that it will prove beneficial and saving to all the patrons along the line of the road and help strengthen every section.

DEATH OF YOUNG MAN.

Was Sick Only Short While Before Called to Reward.

J. A. Malphurs, a young man of about 25 years of age, died at the hospital on Sunday morning at 8 o'clock, after an illness of ten days from typhoid fever.

Up to within a few months since he was engaged in the mercantile business on West Union street and was well and favorably known by the citizens, who join in extending condolence to the bereaved ones.

His remains were taken to Antioch in the afternoon and laid to rest at 4 o'clock, a large number of relatives and friends being present.

Mr. Malphurs was a very stout young man and was apparently in the best of health until he visited Jacksonville and the encampment, when he came home to take his bed. It seems that he had some premonition that he would die, for shortly after he was taken sick he expressed the desire that his remains be placed in the above cemetery.

STRICKEN WITH PARALYSIS.

B. F. Dawkins Reported in a Serious Condition Monday Evening.

B. F. Dawkins, a well-known citizen of this city, was stricken with paralysis late Friday evening, and has been gradually sinking for the past two days.

His condition is indeed critical, for he has been unable to speak since being stricken, and last night he was reported in a very serious condition, fears being entertained that he would not survive through the night.

Later—Mr. Dawkins passed away at 12:05 this morning.

The funeral services will be conducted at the Episcopal church at 3 o'clock this afternoon. All friends of the family are invited.

The following gentlemen are requested to act as pall-bearers: S. H. Wienges, P. G. Ramsey, L. W. Fennell, M. S. Cheves, O. Lloyd, A. J. DaCosta.

Mrs. Finney Dies at Hospital.

Mrs. S. G. Finney, an aged lady of Rocky Point who was brought here a few days since and placed in the hospital, died at that institution Sunday morning at 11:30 from a complication of diseases and old age combined, being in her 72nd year.

The remains were laid to rest in Evergreen cemetery Monday morning, a large number of friends being present for this occasion. She leaves a husband and one son, who were with her at the time of death.

The Big Head

Is of two kinds—conceit and the big head that comes from a sick headache. Does your head ever feel like a gourd and your brain feel loose and sore? You can cure it in no time by acting on your liver with Ballard's Herbine. Isn't it worth trying for the absolute and certain relief you'll get? Sold by W. M. Johnson.

Notice of Sale.

Notice is hereby given that on July 5th, A. D. 1909, at 11 o'clock a. m., I will sell at public sale to the highest and best bidder, at the First National Bank of Gainesville, Florida, two (2) Gainesville City Bonds of one thousand dollars each. The right to reject any bid reserved.

WM. R. McKINSTRY,
Executor of the estate of Benjamin Rush.

Soothes itching skin. Heals cuts or burns without a scar. Cures piles, salt rheum, any itching. Doan's Ointment. Your druggist sells it.

A SAD DEATH.

Friends R. Reeves Dies in Ira Reward After Lingering Illness.

TRENTON, June 28.—The Heaven is richer in His infinite wisdom has seen fit to take from us our loving brother and friend, Friends R. Reeves.

He was born in Alachua county in 1861 and died June 15, 1909. He professed faith and joined Charleland Baptist church the first Sunday in September, 1907, living to his church and ever striving to do his Master's will. He was in very ill health for some three years past, suffering with a cancer, which had eaten off one side of his face, and at last it ate the cord that runs from the eye to his brain and he struggled to death in blood.

With all his afflictions and trouble of this life he bore them with meekness, awaiting the summons that would bear his spirit from this world of woe to that celestial land where all is peace and love, where cometh no more sorrow, pain or death.

He was buried from Pine Grove Baptist church on June 19th by Rev. I. K. Sheffield of Judson, and laid to rest in the church cemetery by gentle hands amid throngs of grief-stricken relatives and friends and showers of tears.

The many friends around his casket spoke tenderly of the boundless love that wafted for this untimely death.

He will be greatly missed but we are aware of the fact that our loss is his gain. God moves in a mysterious way His wonders to perform. While we with saddened hearts must bow in submission to our Heavenly Father's will, hope points upwards, faith exerts itself and we remember "that all things work together for good to those who love God."

May we receive this as a call to greater consecration to faithful service to our Saviour, and may God comfort and sustain his children and loving wife in this their greatest of life's trials and around the entire family may circles of divine grace abide.

A FRIEND.

For Feverishness and Aching

Whether from Malarious conditions, colds or overeating, try Hicks' Capudine. It reduces the fever and relieves the aching. It's liquid—10, 25 and 50 cents at drug stores.

Rebuked.

Small Tommy (after the slipper seance)—Mamma, I'm glad I'm not a girl. Mamma—Why, Tommy? Small Tommy—'Cause I'd be ashamed to grow up and become a child beater.—Chicago News.

Her Choice.

"Can he sing well?"

"Well, I'll tell you. He offered to sing the baby to sleep the other night and his wife said, 'No; let her keep on crying.'"—Cleveland Leader.

HOW TO GROW FAT

A Lazy Stomach the Cause of Thinness Nine Times in Ten.

If you are thin or lean, have scrawney arms and neck, you can't grow fat unless your food properly digests.

People take on flesh in proportion to the nutritious matter which the organs of digestion absorb and pass into the blood.

Just as long as this nutritious matter passes along without being absorbed, just so long will you remain thin.

Perhaps your stomach, bowels and liver need a tonic. If your digestion is not perfect, Mi-o-na tablets will put it right at once.

Mi-o-na will cure indigestion and every conceivable ailment of the stomach promptly. It cures by building and toning up and not by encouraging a tired stomach to continue its shiftless and health destroying habits. It promptly drives away sour stomach; belching of gas, heaviness after eating.

J. W. McCollum & Co. sell for 50 cents a large box, and guarantee it to cure indigestion, sea and car sickness, vomiting of pregnancy and all stomach diseases and distress, or money back.

Mi-o-na is sold by leading druggists everywhere.

HYOMEI
(PRONOUNCED HIGH-O-ME)

Cures catarrh or money back. Just breathe it in. Complete outfit, including vial, Extra bottles 50c. Druggists

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect Indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We know what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of Indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

FOR SALE BY ALL DRUGGISTS

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Southern Bell Telephone and Telegraph Company

Efficient Service. Reasonable Rates.

Are YOU Being "Hunted?"

One of today's want ads. may be hunting you—ransacking the city for you. It may have a message for you of urgent personal importance—one that, when you get it, and heed it, may change the immediate currents of your activities, of your interests—may even place around and about you new environments, new associates; may give you an entirely new start in a business way.

Isn't it worth while to try to find out whether this may not be true—today, tomorrow, or very soon?

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1 for three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first month; 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1 on a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

If you doubt that Wallace Stovall is making a real metropolitan newspaper of The Tampa Tribune, just read a copy of the Sunday edition of that newspaper. It is the equal in every respect of any daily newspaper printed in Florida.

The birth rate in most civilized countries has decreased in recent years. This decrease has been more pronounced in some countries than in others; that of France being so great as to exceed the death rate. The last two years, however, have witnessed a change for the better, for in 1907 the births exceeded the deaths by 10,000, and last year by 40,000. That is a fact that will go far to reassure those who feared that France was among the decadent nations.

How often it is true that "evil is wrought by want of thought." People say and do things with no intention of inflicting pain or annoyance which they would not do if they would only pause to consider the consequences. But they do not, and when the evil is done and they realize it they endeavor to excuse themselves by saying they "didn't think." How much smoother and pleasanter life would move along if only a little thoughtful consideration for others were shown.

The Gainesville Sun says it is now going into twice as many homes in Alachua county as it was nine months ago; and names are being added to the subscription list at the rate of from twenty-five to fifty each week. The Sun is an interesting paper, ably conducted, and an excellent exponent of Gainesville life. Therefore we are glad to learn of its well-deserved prosperity.—Times-Union Short Talks. Thanks, Brother Edgar, for your appreciated bouquet. And permit The Sun to say that your department of Florida's greatest daily is the most interesting to us of that thoroughly up-to-date newspaper.

Because people are better off and the facilities for travel are so greatly improved each year witnesses a large increase in the number of Americans who travel in other countries for pleasure or business. One great benefit from this is the better knowledge people obtain of each other, and that means a broadening of mind and a generous consideration for others. It is by this method, more than by any other, we realize that nations have their characteristic excellencies and failings, and that each nation makes its distinct contribution to the world's civilization. That this is a great advantage to the world goes without saying.

Many people fail to get much real pleasure out of life because they mistakenly postpone taking it until their closing years, when the powers to enjoy life are to a large extent impaired. They toil, drudge and deny themselves year after year until, when at last they pause to enjoy it, they find the capacity and disposition are wanting. It is far better to take it as one journeys on. A little let up now and again in the grind of business for a few days in the woods or by some stream is worth everything. And even when that is not possible there are lots of things in our daily pathway to give us rightful pleasure if we but look for them.

THE KELLEY-DAVIDSON TRIAL.

The Sun gave the most complete report of the Kelley-Davidson murder trial, which was transferred from Gainesville to Palatka and completed in the latter city last Saturday, of any paper in the State. Even The Tampa Tribune's report of Thursday's proceedings of the court did not come up to that of The Sun, the former paper failing to give the testimony of the State's witnesses in rebuttal of testimony for defendants.

The defendants were represented by the best legal talent obtainable, and the verdict is a distinct victory for State Attorney Rivers in one of the hardest contested murder trials in the criminal annals of Florida. He handled the case in an able manner from beginning to end, being rendered valuable assistance by Col. Tom Palmer of Tampa, one of the very best lawyers in Florida, and the verdict of the jury is not only a victory for these gentlemen, but for the peace and morals, law and order of this section of Florida.

Judging from the statement of Kelley just before sentence was passed upon him Saturday evening, it is evident that the jury made no mistake in their verdict so far as he is concerned—except that they recommended him to the mercy of the court. Evidently he fired the fatal shot, else how could he know, as he says, that Davidson is innocent of any connection with the crime, and if he (Kelley) is alone responsible for this cold-blooded murder he owes it to Davidson and the public to make a clean breast of the whole affair.

This is the second time Kelley has been sentenced to life imprisonment for taking human life, having been granted a pardon for the first crime after serving only a few years of his sentence. Evidently the man has a mania for taking human life, for we cannot conceive of the motive which prompted him to so cruelly murder Sellars, whom he had never met personally and who had never harmed him.

We repeat, that it is strange that the jury recommended this man to mercy after being convinced that he committed this foul, cold-blooded murder.

PINEAPPLE AND PRINCIPLE.

When the Payne Committee was hearing what it was pleased to call evidence, in framing the tariff bill for the Lower House, it was necessary in these columns to call attention to the demands of the Florida fruit growers as an example of what protection run crazy could do. It is true they are not more unconscionable than their fellows in California, but in securing an increase of 128 per cent on the Payne bill's import duty on pineapples they make something like a record for sheer greed.

It was admitted by the Florida fruit growers themselves that the pineapple in their State was "a bit out of its native element." In other words, the only possible varieties were liable to be nipped out entirely by frost. In no case could they hope for a quality anywhere equal to the imported article, now well within reach of the humblest purse. Nevertheless, the fruit growers wanted to try experiments, and preferred to do so with other people's money. It need hardly be said that the Democratic Senators, committed to tariff for revenue only, affixed their approval to a duty which made even Mr. Aldrich's strong stomach turn a little. The Taliaferro amendment raising the Payne duty 128 per cent was carried against Senator Aldrich's vote. Nine Democrats voted for the increase and fourteen could not muster up courage enough to protest against this idiocy; while only eight of the party of Thomas Jefferson and low tariff took the side of common decency.

If there were the least prospect of building up a business in home-grown pineapple something might be said even for this high protection. One frost, however, puts the grower back where he began, and until we can entirely alter the meteorological conditions of the United States the consumer of pineapple will be paying for an experiment foredoomed to failure.—Wall Street Journal.

Our usually correct and conservative contemporary is mistaken. Growers of pineapples in this State may have admitted that the fruit was "a bit out of its native element," but there is no doubt about its having become "acclimated," and in those sections where the pineapple is cultivated for profit there is little probability of it being wiped out by the frost. The quality is the equal in every respect, if not superior, to that of the imported article, and the industry has passed the experimental stage until it is now one of the greatest industries in the State.

In the opinion of The Journal it is "idiocy" to protect an industry of the nature of the cultivation of the pineapple in Florida, but it is entirely proper to "protect" every industry in the North from competition with foreign countries.

If The Journal really thinks the cultivation of the pineapple in Florida is only an experiment foredoomed to failure until we can alter the meteorological conditions of the United States, a representative of that paper ought to visit the pineries on the East Coast. If "seeing is believing" it would then be convinced to the contrary.

Probably the East Coast contemporaries will give our Wall Street journalistic friend some information which will open his eyes to the justice of protecting this "infant industry" from the pauper labor of the West Indies.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address,

ITEMS FROM REX.

Young People Enjoy Delightful Dance. Farmers Busy.

REX, June 25.—We have had several refreshing rains which were much appreciated by the farmers, as the crops were suffering for want of rain.

Miss Maggie Nash, one of our most popular young ladies, has returned to St. Augustine after a pleasant visit to relatives here.

Miss Lula Ormond is home on a visit to relatives and friends after a pleasant stay of three months at Inglis.

Miss Mamie Law Worthington of Madison county is visiting her sister Mrs. S. Shaw.

The farmers of our section are very busy running tomatoes.

John Ormond has returned from a brief visit to Sarcosta, Ocala, Dunnellon and other points. He reports a pleasant trip.

Joe Nash is home on a visit from Jasper, where he has been attending school.

Mrs. Stella Morse and child of Dunnellon are visiting her mother, Mrs. Cameron.

Oh! I liked to have forgotten about the dance, which was at the residence of Mrs. Josephine Nash on the evening of June 22. It was attended by quite a number of young people and was enjoyed by all. It will be a green spot in the memory of those who attended for quite awhile. A few of those present were: Misses Kate, Mary, Maggie and Amelia Nash, Lula and Daisie Ormond, Flaney Cameron, Beulah Sherouse, Eva Townsend and Christian Waters; Messrs. Ed Dyess, Clyde, Leslie and Dr. Geo. Sherouse, John Holden, John and James Ormond, Frank Townsend, Clarence Cameron, Troy Beckham, and others. The guests danced until the "wee sma' hours" of the night, when refreshments were served and immensely enjoyed; then they bade their charming hostesses adieu, assuring them they had a most delightful time, and departed for their respective homes.

There are many imitations of DeWitt's Carbolized Witch Hazel Salve—DeWitt's is the original. Be sure you get DeWitt's Carbolized Witch Hazel Salve when you ask for it. It is good for cuts, burns and bruises, and is especially good for piles. Sold by all druggists.

Isn't there something which only a want ad. can do for you today?

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

A NATION OF SAVERS.

Frenchmen Are Thrifty and Invest in Government Bonds.

If you were a Frenchman with a very small surplus to invest, if even that surplus were but a modest franc, you might become the holder of a French government bond. From the cradle to the grave the French subject is taught to save and to turn his earnings into safe income producing account, says Charles Speare in the Review of Reviews.

The state pays a premium on thrift. It rewards its school children for various good performances with a tiny bank deposit which invariably will have grown into goodly size when the recipient has reached maturity. Having nursed its people through the early stages of economy, it directs their steps in the choice of investments and even assumes paternal power in arbitrarily transforming the savings bank account into government bonds or rentes. Thrift is a national characteristic. France is a nation of little savers, of little incomes and of little farms.

Collectively these exercise a tremendous power on the affairs of Europe. The holder of the one or two franc bond and the possessor of the bank account, so small that bankers of other countries would scorn it, have built up a monetary power that commands the respect of the world and indeed regulates the finances and politics of much more presumptuous nations. Bonds of states and governments, of railroads with a government guarantee, bonds of cities and towns, of mortgage companies, are the Frenchman's choice. It is safe to say that in Paris coupons are cut from the bonds of nearly every government under the sun.

AN INNOCENT VICTIM.

Swinburne and the Grouchy Head Master of Eton.

Once when Algernon Charles Swinburne was traveling back with his father from school at the end of one of the terms they entered a carriage in which the then head master of Eton, who was buried in the Times, was seated.

"Isn't that Dr. ——?" the admiral whispered to his son. "I believe it is," stammered young Swinburne reluctantly. After a rebuke at the apparently careless answer the admiral "accosted the awful presence" with "Dr. ——, I believe, sir?" The doctor was plainly annoyed at being disturbed by a stranger. "Well, sir," pursued the admiral, "my boy here has just finished his first term at Eton, and I should very much like to know what account you can give of him." As a matter of fact, the doctor had not set eyes on young Swinburne before. "Enraged, however, I suppose," Swinburne afterward related, "at my father's rather unconventional interruption, which he had no doubt considered a slight on his dignity, he glanced down at me with a scarlet face and said deliberately, 'Your boy, sir—your boy is one of the very worst in the school,' and then intrenched himself once more behind the Times."

At Paddington there was a storm. In vain young Swinburne protested that the doctor had said what he had out of pure vexation, but the father declared that he would take the word of the head master, and Swinburne was deprived of all pleasures and privileges for the duration of the holiday.—Dundee Advertiser.

DAMASCUS.

An Isolated Oasis in the Midst of a Vast Desert.

The situation of Damascus is remarkable—the desert pushed on as again of the two desert which cross there to meet it. You may see from Damascus the closely bush that purple the low western hills three days away. There lies mark the beginning of the great desert. Beyond these there is nothing but a rolling waste and the long roads to Palmyra and Bagdad. The permanence and prosperity of Damascus are due to the presence of two rivers, which have converted this spot of the dreary desolate and uninhabited desert into a smiling and well watered plain. The Pharpar system has only within seven miles of Damascus, but by means of canals and aqueducts sends its life giving waters to the gardens of the city. The Abana is the stream from which the city's main supply of water is obtained. Minerva like, it springs full born from the base of a perpendicular rock at Ain Fijih, in the heart of the Anti-Lebanons, and runs a course of ten miles in a gorge, a large river twenty to thirty feet wide and four feet deep, its waters always fresh and ice cold, casting out branches everywhere, permeating every nook and corner of the city, until, as one has said, "literally there is scarce a street, bazaar, khan, courtyard or dwelling house which has not its marble or stone fountain constantly filled with running water supplied directly by the Abana itself." Thus the Abana, not fruitlessly wasting her waters on that thirsty land, saves them in her narrow gorge till she can fling them well out on the desert and expends all her life at once in the creation of a single city.—Biblical World.

An Oversight.

"Look here," exclaimed the angry man as he rushed into the real estate agent's office, "that plot I bought from you yesterday is thirty feet under water!"

"Pardon my oversight," apologized the gentlemanly agent. "We give a diving suit with each plot. I will send yours to you today."

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocketbook—is obtained readily through advertising, and with difficulty, or not at all, through other means.

POSED THE DEAD MAN.

Scheme of the Gamblers in Crockford's House in London.

Crockford, the proprietor of a well known London gambling house, was rude in play a queer role after he was dead. When one of Crockford's horses was poisoned just before the Derby the misfortune brought on an attack of apoplexy, which proved fatal within forty-eight hours. Now, many of Crockford's friends had staked large sums on another of the gambler's horses, which was a favorite for the Oaks and which was disqualified by the death of the owner. Only the people in the gambling house knew of Crockford's death, and it was resolved to keep it a secret until after the race.

The servants were bribed and sworn to secrecy, and the conspirators on the day after the night upon which Crockford died had the body placed in a chair at a window, so that people returning from the track could see the gambler sitting there. He was fixed up to look as lifelike as possible and through the window and partially concealed from view by the curtains looked so natural that no one of the great crowd which came cheering by the house when on their return from seeing Crockford's horse win the Oaks suspected the trick.

The next day it was announced that Crockford was dead, but it was years before the true story leaked out.—Westminster Gazette.

Superstitions of the Cingalese.

An old Cingalese woman who lived in an ordinary native hut by herself died and was buried. On the following day a large iguana (a species of lizard which attains great size) entered the compound of a gentleman living close by and attacked his poultry. Hearing the noise and commotion, he came out and on ascertaining the cause got his gun and shot the iguana. No sooner had he done this than there arose a great uproar from the relatives of the old woman, who declared that he had killed her, because her spirit had passed into the lizard, in proof of which they pointed triumphantly to the fact that it had never before been seen in the vicinity and only appeared after her death. Rupees finally appeased the outraged feelings of the old woman's descendants.—Java Times.

FAMOUS BULLS.

Gems From the House of Commons and From the Pulpit.

The house of commons, as might have been expected, has contributed a fair share to a very amusing collection of "bulls." It was in one of the debates of that body that the late Colonel Saunderson described Eastern Roumelia as "man enough to take her stand" in defense of a certain threatened right.

An Irish member of parliament once declared that of the outrages reported from Ireland three-quarters were exaggerated and half had no foundation in fact, a statistical computation that reminds one of another Irish member of parliament who declared excitedly to a group of fellow members, "I want to convince you that there isn't any truth in half the lies they are telling about Ireland."

The biography of Dean Hook recalls a certain minor canon who used to preach at the cathedral when Hook was a boy at Winchester school. In one of his sermons there occurred the striking reflection that "what is impossible can never be and very seldom comes to pass."

Another discourse was long remembered for its pathetic lamentation on the degeneracy of the age: "O tempora! O mores! What times we live in! Little boys and girls run about the streets cursing and swearing before they can either walk or talk!" But the Church of England has no monopoly of these violent contrasts, for it was at a City Temple meeting not many years ago that a speaker exclaimed: "I find my time is already gone. Therefore I will keep within it."—Windsor Magazine.

Poor Milk

Is often thought to be responsible for an infant's loss in weight or general poor health. The cause usually is that the child has worms. They get the nourishment of the food and the baby starves, actually starves. White's Cream Vermifuge expels the worms and nourishes the child, sure and safe. Price 25 cents. Sold by W. M. Johnson.

The Elephant's Trunk.

The long trunk of the elephant is very, very wonderful. The neck of four footed animals is usually long to enable them to reach their food without difficulty, but the elephant has a short neck to enable him more easily to support the weight of his huge head and heavy tusks. The long trunk helps him to get his food, and the trunk is to an elephant what a long neck is to other animals.—Chicago Journal.

You Never Can Tell

Just exactly the cause of your rheumatism, but you know you have it. Do you know that Ballard's Snow Liniment will cure it?—relieve the pain, reduce the swelling and limber the joints and muscles so that you will be as active and well as you ever were. Price 25c, 50c and $1.00. Sold by W. M. Johnson.

Denmark's Old Age Pension.

In Denmark any person who at the age of twenty-one pays to the state a sum of £6 10s. is entitled, if he reaches the age of sixty-five, to an annuity of £13. But if he dies before that age the money is forfeited.—London Mail.

Hazarding a Guess.

"Know anything about golf?"

"Not much. Why?"

"What's a bunker? Do you know?"

"I suppose it's one of those cranks that simply live and sleep on the links."—Philadelphia Press.

Feel languid, weak, run down? Headache? Stomach "off"?—Just a plain case of lazy liver. Burdock Blood Bitters tones liver and stomach, promotes digestion, purifies the blood.

If you have found anything see if it is advertised in the Want column.

ABOUT ADVERTISING—NO. 2

The Dollar That Can't Be Spent

By Herbert Kaufman

Every dollar spent in advertising is not only a *seed* dollar which *grows a profit* for the merchant but is actually *retained* by him even *after he has paid it to the publisher.*

Advertising creates *a good will* worth the cost of the publicity.

It actually *costs nothing.* While *it uses* funds it does not *use them up.* It helps the founder of a business to grow rich and at the same time *keeps* his business from not dying when *he* does.

It eliminates the personal equation. It perpetuates confidence *in the store* and makes it possible for a merchant *to withdraw* from *business* without having the *profits* of the business *withdrawn* from *him.* It changes a *name* to an *institution*—an institution that will *survive* after the death of its builder.

It is really an *insurance policy* which costs nothing—*pays* a premium each year instead of *calling for* one, and renders it possible to change the entire personnel of a business without disturbing its prosperity.

Advertising renders the *business* stronger than the *man*—independent of his presence. It permanentizes systems of merchandising, the track of which is left for others to follow.

A business which is *not* advertised *must* rely upon the *personality* of its proprietor, and personality in business is a decreasing factor. The public *does not want to know the man* who owns the store—it isn't interested in *him,* but in his goods. When an unadvertised business is sold it is only worth as much as its *stock of goods and fixtures.* There is no good will to be paid for—*it does not exist*—it has *not* been *created.* The name over the door *means nothing* except to the limited stream of people from the immediate neighborhood, any of whom could tell you *more* about some store ten miles away which has regularly delivered its shop news to their breakfast tables.

It is as *shortsighted* for a man to build a business which *dies with his death* or ceases with his inaction as it *is unfair* for him not to provide for the *continuance of its income to his family.*

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks
Four dairies.
One foundry
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms
One express office.
Free mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.
Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Three furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railways systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Two cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
Two moving picture shows.
Florida Winter Chautauqua.
One semi-weekly newspaper.
Five life insurance agencies.

has brought relief to thousands of other sick women, so why not to you? For headache, backache, periodical pains, female weakness, many have said it is "the best medicine to take." Try it!

Sold in This City F3

TWO PIANOS AND A DIAMOND RING

Total Cash Value, $1,000.00

To Be Given Away by the Merchants and The Sun to Citizens of Alachua County!

Each Section Gets Prizes!

Contest to Close August 18, 1909

Realizing that all should share alike in the distribution, leading business houses have joined in the combination to give away Two Handsome Pianos and One Diamond Ring to residents of Alachua county in three different sections. These progressive firms will give One Vote for each penny spent with them.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tieing.

THE A. R. HARPER PIANO CO. of Jacksonville, from whom the pianos for this contest were purchased, have agreed to offer extra prizes as follows: To the first five candidates in each district, excepting the winners of the capital prizes in the said districts, one certificate each for $100.00 which will be redeemable in cash as a payment on any piano handled by them—the Everett, Harvard, Dayton or John Church Pianos. In addition to this they will give a certificate good for $25 to all other contestants in the race, and will make special arrangements with anyone to take care of their paper on all purchases of instruments at the cash price.

The Gainesville Section Will embrace the city and suburbs and be confined to a radius of four miles in each direction. The winner in this district will be awarded a HANDSOME DIAMOND RING.

Eastern and Southern Section Will comprise territory from Fairbanks all points east and from Rochelle all points south—Waldo, Hawthorn, Island Grove, Campville, Micanopy, Lake View, Tacoma and all points along line of T. & J. Ry. ONE PIANO.

Western and Northern Section Will comprise all stations from Hague to High Springs, Trenton, Wannee, Wilcox, Bell, Newberry, Jonesville, Archer and all settlements covered by this area. ONE PIANO.

How and Where to Get Votes

The following merchants will give one vote for every cent paid into their establishments for goods which they handle:

Gainesville Furniture Company, Furniture.
Phifer & Morris Co., Clothing and Furnishings.
Gainesville Hardware Co., Plumbing and Hardware.
Mrs. F. T. McCormick, Millinery.
W. M. Johnson, Drugs and Medicines.
L. C. Smith, Shoes and Jewelry.
Mrs. R. Wilson, Dry Goods and Notions.
Saunders & Earle, Groceries and Feed Stuffs.
City Bakery, Bread and Pastry.
P. Y. Smith, Fresh Meats.
Crawford & Davis, Livery and Sale Stables.
The Sun, Printing and Publishing.
The Brown House, Meals and Lodging.
N. Francisco, Banana House, Fruits, Etc.
Eddins Mgf. Co., Lumber and Building Material.
Standard Fertilizer Co., Fertilizers.

Where Votes May Be Cast

Ballot boxes will be found in the establishments of the merchants giving votes and at The Sun office. Votes sent by mail must be directed to the Voting Contest Department of The Sun, Gainesville, Florida.

Rules and Regulations

1. The contest is open to anyone living in Alachua county who is known by the conductors of the contest or vouched for by some reputable person, to them well known.

2. No employee, attachee or relative of the proprietors of the above-named firms are eligible to participate in this contest, and will participate in no manner.

3. In the event of a misunderstanding between candidates or others interested in this contest, such controversy may be referred to the conductors of contest, who alone are the persons qualified to render decisions.

4. In the event a candidate decides to withdraw from the race, such candidate will not be allowed to transfer votes to the credit of another candidate in the contest.

THE DAILY SUN

	Old Subscribers	New Subscribers
$1.25—Three months' subscription	500 votes	700 votes
$2.50—Six months' subscription	1,200 votes	1,500 votes

NEWS OF CITY AND COUNTY CONDENSED

MATTERS OF GENERAL INTEREST SECURED BY SUN REPORTERS.

What Has Happened and What Is Going to Happen—Personal and Social Items of the City.

J. B. Dale of Archer was among the visitors here yesterday.

H. L. Merry of Micanopy was a visitor to the city yesterday.

J. H. Osteen of High Springs was a visitor to the city yesterday.

Five or 6 doses "666" will cure any case of Chills and Fever. Price 25c.

Misses Hattie and Martha English of Micanopy were visitors to the city yesterday.

Mrs. J. R. Bauknight of Micanopy was among the shoppers visiting the city yesterday.

For shingles, rosin-barrel staves and heading call on or write T. J. Cone, Raleigh, Flordia.

E. C. Chitty, one of the leading merchants of Micanopy, was a visitor to Gainesville yesterday.

Mrs. G. B. Tison and daughter have returned to the city after a pleasant absence to Worthington Springs.

Sam Leonard of Ocala arrived in the city yesterday for a short visit to his mother, Mrs. A. H. Leonard.

Cheapest accident insurance—Dr. Thomas' Electric Oil. Stops the pain and heals the wound. All druggists sell it.

Chas. A. Faircloth, cashier of the Gainesville National, has returned from a brief business visit to Jacksonville.

Hon. T. A. Doke, member of the Legislature, was a visitor to Gainesville yesterday from his home at Santa Fe.

Dr. G. S. Means and wife of McIntosh were visitors to the city yesterday on a shopping expedition. They returned on the noon train.

W. R. Bigham of Tampa was in the city yesterday. He was en route to his home from a visit of a few weeks to relatives near Archer, at which place he formerly resided.

J. E. Haynesworth, of the station by the same name, was a visitor to Gainesville Monday. He says that abundant showers are now falling daily in his section and they are a great relief to the crops.

W. P. Coffey, chief clerk in the Seaboard offices, left yesterday for a short visit to his old home in Kentucky. He was accompanied by his mother, who has been making her home here for the past few months.

Miss Lula Perry of Rochelle was among the shoppers visiting the city yesterday.

Deputy Sheriff W. C. Hague arrived in the city from Alachua yesterday to look after some matters pertaining to his office.

J. M. Fennell and Thos. Stevens, two popular clerks in the First National Bank, have returned from a visit to Jacksonville.

A. P. Stucky, G. C. Crom and E. G. Spencer, all prominent citizens of the Brick City, came up yesterday to witness the ball game between the two teams.

G. W. English of Tacoma was here yesterday, having come up for the purpose of witnessing the ball game between the Oak Halls and Ocala teams.

J. W. Wideman, a former resident of Gainesville but who is now making his home at DeLand, arrived in the city yesterday from a short visit to Micanopy.

Insist on Blue Ribbon—Don't call for vanilla—don't be satisfied with extracts of unknown quality, but call for, demand and insist, on having Blue Ribbon.

Mrs. J. A. Edwards of Micanopy arrived in the city yesterday and will spend the next few days here visiting the family of her son, D. G. Edwards, southwest of the city.

Could Lucullus visit our city he could not be persuaded to stop at a boarding house, but he would put up at the Brown House—the hotel that made Gainesville famous.

James Harrison of Micanopy was among the citizens from that section in the city yesterday. He was accompanied by his brother, who is visiting there for a short while.

After pleasant vacation I have my automobile in commission again—15 cents to any part of the city, 25 cents after 9 p. m. For one hour, $1.50. The same old stand on the square. B. Lilienblum.

H. A. Pickett of Jonesville was among the visitors to the city yesterday. He states that the farmers are having abundant rains in his section and they are proving very profitable to the crops.

Write or 'phone T. J. Cone, Raleigh, Fla., when in the market for rosin-barrel staves and heading, also for pine shingles No. 1 and No. 2. Can make prompt shipment. Mill located on S. A. L. and A. C. L. railways.

L. J. Burkhim, who has been absent for the past few weeks at Baltimore, New York and Niagara Falls, has returned to the city. He reports a very pleasant meeting of the Knights of Honor at Niagara Falls and states that the same was largely attended.

Jesse E. Burtz returned yesterday from Palatka, where he reported the Kelley-Davidson murder case for The Sun and Tampa Tribune. His synopsis of the testimony in this case is commended by those who attended the trial as correct in every essential point.

Frank Harris, Jr., was among the Ocala ball players here yesterday. The editor of The Sun hoped to see Frank work in the box, but was denied that pleasure. If he twirls the ball as well as his father wields the Faber the Gainesville players would have been up against the real thing with him in the pitcher's box.

Dr. James Lancaster of Wilcox was in the city yesterday, having been summoned here as a witness in the case that was tried before Judge Mason.

J. J. Bigham of Archer was among the visitors here yesterday. He states that the farmers of his section are well pleased over the returns they have received during the past season.

Hubert Gay of Trenton, one of the substantial citizens of the West End and a staunch friend of The Sun, was a welcome visitor to this office yesterday. Our friends from the country will always find the latch string on the outside.

James K. Penfield of New York arrived in the city yesterday and will spend a short while here as the guest of the family of Rev. T. P. Hay. He is making a trip through the State and stopping over at important places during his visit.

H. A. Fisher has returned from a visit to his daughter, Mrs. D. E. Sparkman, at White Springs. Mr. Fisher states that the Culpepper revival at that place is exciting a great deal of interest and much good is being accomplished.

L. A. Jernigan, wife and daughter Miss Ruth, have returned from a pleasant outing of ten days to Seabreeze. Mr. Jernigan states that the fishing was fine, and he had a very pleasant outing and feels that it has been highly beneficial to his family.

Dr. H. Herzog, Jr., has left for the North on his annual vacation. He will spend most of his time at Flatrock, N. J., and at North Haven, Maine. He will be gone at least two months. During his absence Mr Ernest Molnar will have charge of his laboratory.

J. M. Meffert, one of the leading citizens and business men of Ocala, was in the city yesterday on business. He came through the country in his automobile and was accompanied by a party of friends. The trip was made in a remarkably short while, but Mr. Meffert, who has interests from Ocala to Reddick, combined business with pleasure on his visit to the University City.

Jas. F. Smith, the photographer, returned Monday afternoon from Jacksonville, where he went to visit his mother before her departure for points in Maryland. Mr. Smith intended to reach home in time to "take in" the Ocala-Gainesville ball game, but is "tickled almost to death" that he arrived too late. Uncle Jim can't stand for the brand of baseball we had yesterday.
